

Snowmaking & Slope Maintenance

Dirt Bike Trail Riding

Wednesday, April 3rd

Trail: Rabbit Valley Area

Meet at the Rabbit Valley Trail Head at 12:30pm

Join us for an afternoon of dirt biking. We may ride Trail #2, West Rim Trail, and surrounding double- and single-track trails in the Rabbit Valley Area. This will be an intermediate trail ride. Depending on interest and rider skill level, we will decide which trails to ride.

It is highly recommended to have all your safety gear, current Colorado and Utah OHV stickers, your bike maintained for desert conditions, any necessary tools, and water/snacks. We will be out for approximately two to three hours and the areas we will ride are remote and exposed, please plan accordingly and responsibly.

See you there!
